Manual WiFi Setup – Step 1

- Put BD unit in pairing mode, press & hold pair button for 10 seconds
- Select next button

Manual WiFi Setup – Step 2

- Leave BD app, go to WiFi settings on phone
- Select the BD network and enter password to connect
- Return back to BD app, select next button

Note: The BD network and password are listed on the screen if you forget.

If you cannot click the next button, confirm you are connected to BD network first

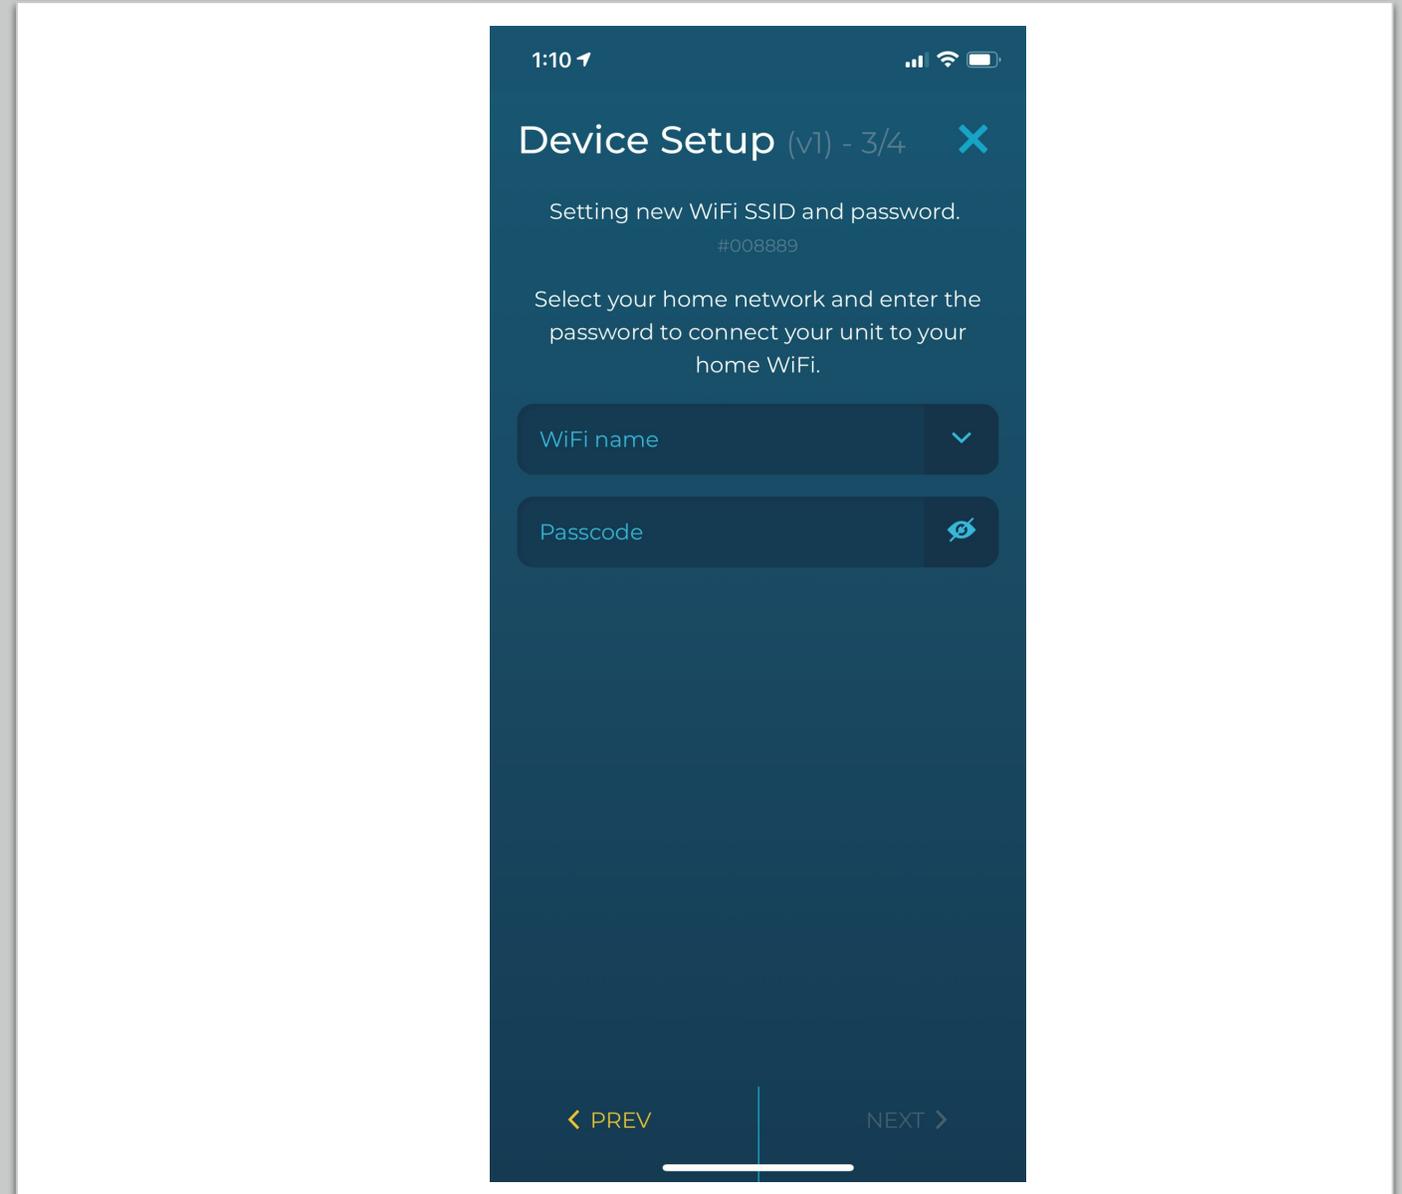

The image displays two screenshots from a mobile phone illustrating the manual WiFi setup process.

The left screenshot shows the BD-APmode002367 network selection screen. The password APAdmin002367 is highlighted with a red circle. Below the password field, the MAC address type is set to Randomized MAC, and the Auto reconnect toggle is turned on. A blue Connect button is visible at the bottom.

The right screenshot shows the Device Setup screen. The BD-APmode008889 network is selected, and the password APAdmin008889 is displayed. The NEXT button is highlighted with a red circle.

Manual WiFi Setup – Step 3

- Select drop down arrow and select homeowner WiFi network
- Enter Password. You can select the eye button to view the password you are typing
- Select Next button bottom right

Manual WiFi Setup – Step 4

- Wait while the app confirms your 1.5 unit is connected to WiFi
- If success, select finish button in bottom right
- If failure, restart Step 1
